ENGAGING, RELEVANT, COST EFFECTIVE TRAINING

Legionella Awareness

The aim of the training is to ensure:

- Employers, managers and those with responsibility for the control of premises understand what legionella is, what their duties are and how they can comply with health and safety law.
- Employees are aware of the risk posed by legionella and the measures taken to comply with health and safety legislation.

The approximate duration of this training is 1 hour.

PURCHASING FOR YOUR ORGANISATION

If you are buying for your organisation rather than for yourself, it is simple for you to add learners, assign training and print certificates. You will have a dashboard to monitor learner progress and attainment.

Our training licences **don't expire** and are only assigned to a learner the first time they launch the training. Substantial discounts are applied to bulk purchases and annual licences are also available.

The course has been approved by RoSPA, the Royal Society for the Prevention of Accidents and certified by the CPD Certification Service.

The course assessment is generated from question banks so will change each time it is taken. A certificate, with the CPD and RoSPA logos, is available for download on successful completion of the assessment.

ENGAGING, RELEVANT, COST EFFECTIVE TRAINING

Legionella Awareness

WHAT IS LEGIONNAIRES' DISEASE?

- The difference between Legionnaires' disease and other forms of legionellosis.
- The type of disease it is.
- Where legionella bacteria are found.

CONTRACTING LEGIONNAIRES' DISEASE

- The groups most at risk of legionellosis.
- How it is contracted and how common it is.
- The symptoms and treatment.

WHEN DO LEGIONELLA BACTERIA BECOME A DANGER?

- The three conditions that promote the growth of legionella bacteria in a water system.
- Measures that can be taken to lower the risk of a build-up of legionella bacteria.

YOUR WATER HYGIENE PROGRAMME

- Legislation and guidance relating to legionella and water systems.
- Managing legionella risks.
- Preventing and controlling risks.
- The written scheme.
- Record keeping and other duties.
