

ENGAGING, RELEVANT, COST EFFECTIVE TRAINING

The Prevent Duty For Schools and Childcare Providers

£15
ONLY

Our online Prevent duty awareness training explains the main points of the Prevent duty and the measures that schools and childcare providers must take in order to comply with it. Examples and scenarios will make you aware of the indicators that a child may be vulnerable to radicalisation and what to do if you believe a child is at risk.

For employers, the training provides an easy way to ensure that they comply with the legal responsibilities under **Section 26 of the Counter-Terrorism and Security Act 2015**.

To engage the learner and assist the transfer of knowledge, the training includes thought provoking scenarios and questions throughout. The audio narrative presents key points clearly and concisely, enabling learners to acquire knowledge incrementally.

The approximate duration of this training is 1 hour.

PURCHASING FOR YOUR ORGANISATION

If you are buying for your organisation rather than for yourself, it is simple for you to add learners, assign training and print certificates. You will have a dashboard to monitor learner progress and attainment.

Our training licences **don't expire** and are only assigned to a learner the first time they launch the training. Substantial discounts are applied to bulk purchases and annual licences are also available.

The course has been certified by the CPD Certification Service.

The course assessment is generated from question banks so will change each time it is taken. A certificate, with CPD logo, is available for download on successful completion of the assessment.
